# Certificate of Service: CS2103/T Student Mentor

This letter is to certify that Mr. **Kenneth Seet** (student number: A0258173Y) served as a *Student Mentor* for the course CS2103/T Software Engineering, during the semester **Aug-Nov 2024**.

Student mentors in this course are ex-students of the course who,

- scored well in the course (i.e., in **top 10-15%**), and,
- successfully managed to guide current students when they encountered difficulties in the course.

Hence, this appointment can serve as evidence of his,

- **technical competence** (only problems students could not solve among themselves were solved by mentors),
- **written communication skills** (the help was mostly given through online forums),
- **mentoring skills**, and,
- **time management skills** (as the responsibilities of this role adds to the very high workload our students have already).

In addition, it shows his generosity of spirit in offering to help junior students.

It is also noteworthy that Kenneth was **one of the more active and more productive mentors** in that semester.

As the course coordinator, I would like to record my sincere appreciation of Kenneth Seet for the valuable services rendered as a student mentor.

Should you have further queries, please do not hesitate to contact me.

Yours sincerely,

Dr. Damith C. Rajapakse, Associate Professor, Deputy Head of Dept. (Teaching), Department of Computer Science, School of Computing, National University of Singapore, Computing 1, Computing Drive, Singapore 117590; email: damith@comp.nus.edu.sg
